

Slickrock / Sand Flats

SLICKROCK
BIKE
TRAIL
2 MILES
FEE AREA

Slick Rock Trail is world famous; it brings a lot of people to Moab, which helps our businesses.

This represents all the natural areas that are being protected by management that tries to keep the land natural yet allow public access.

Sand Flats recreation area; BLM, Grand County, and Americorp joined forces to create a fee area at this high-impact site. Money is returned to repair and minimize impact to the area.

It is overused because of promotion; it had to be done to maintain area, but it is ruined forever.
